Accessibility

DBCA's Parks and Wildlife Service is committed to providing access for people with limited ability wherever possible.

For further information contact the nearest Parks and Wildlife Service office (see p61) before your visit or visit accesswa.com.au.

Leave No Trace

You can contribute to conservation and help ensure that WA's parks will be enjoyed by future generations.

- 1. Plan ahead and prepare
- 2. Travel and camp on durable surfaces
- 3. Dispose of waste properly
- 4. Leave what you find
- 5. Minimise the impact of fire
- 6. Respect wildlife
- 7. Be considerate of your hosts and other visitors

For more information on *Leave No Trace* visit **LNT.org.au**.

Fees

Daily entrance fees and camping fees apply at some parks. Money raised from these fees contributes to the management of parks, protection of the environment and the development and maintenance of visitor services and facilities.

You can find out if fees are payable and how much they are before you arrive. Pick up a copy of the *Park fees and passes* brochure from a visitor centre or Parks and Wildlife Service office (see p61) or check details at **exploreparks.dbca.wa.gov.au/know/fees**.

Park passes

Park passes are available for 5 days, 14 days, 4 weeks or a full year and offer great value for money for visits to parks where entry fees apply. They can be purchased at selected tourist outlets and visitor centres or online at **shop.dbca.wa.gov.au** and printed for display in your vehicle window. Choose the pass that is best for you to enjoy unlimited park entry with no park entry fees.

Camping

Camping in a park overnight or for extended stays is a special experience. Generally, there will be no shops, power, running water, rubbish bins and probably no mobile phone service. There will be no full-time staff at the campground although all campgrounds are visited periodically, and volunteer campground hosts may also be camping on-site.

Most campgrounds have camping fees. Some can be booked online but most are paid either directly to staff or volunteers at the park or at self-registration stations at park entrances and in campgrounds.

Many toilets in parks and roadside bays rely on bioaction and composting. The chemicals used to stabilise on-board waste systems in mobile homes, campervans and trailers can destroy the biological systems in these toilets. Waste from portable toilets must not be dumped in campground toilets. Use dump points provided in townsites.

You can search for campgrounds and their facilities and book some online at **parkstay.dbca.wa.gov.au**.

Tracks and trails

Immerse yourself in WA's natural wonders by walking, cycling, paddling, riding or snorkelling along a track or trail.

Many of the best trails can be found on **trailswa.com.au** or by downloading the **TrailsWA app**. Use this online guide to search trails by name or by map, type, region or experiences. You will also find trail descriptions and details including length, difficulty, useful links, an image gallery, ratings and reviews.

WA has three long trails which can be completed end-to-end or in sections. The Bibbulmun Track is a 1000km walk trail, the Munda Biddi Trail is a 1000km cycle trail and the Cape to Cape Track is a 135km walk trail.

For maps, guidebooks and other information for long trails:

- Bibbulmun Track Foundation: (08) 9481 0551 or bibbulmuntrack.org.au
- Munda Biddi Trail Foundation: (08) 9481 2483 or mundabiddi.org.au

Pets in parks

Dogs on leads may be taken to certain areas within regional parks around Perth, some areas of State forest and parts of Lane Poole Reserve.

Domestic pets are not permitted in national parks, conservation parks, nature reserves, marine parks or marine nature reserves. This is to protect native animals, uphold the rights of other park users and to protect pets from baits used to control feral pests that will also kill domestic animals if eaten. Assistance animals are permitted in parks, as long as they are certified as trained assistance animals, but owners must consider the risk from poison haits

A 'Dogs on leads' symbol is used in this booklet to indicate where dogs may be taken. If you are unsure if you can take your pet into a park, contact the nearest Parks and Wildlife Service office (see p61).

Cane toads

Cane toads are a major environmental pest in Australia. They are great stowaways and can easily be transported accidentally. To prevent their further spread please inspect your vehicles and camping equipment while travelling in WA. If you think you have seen a cane toad outside of the East Kimberley, please send a clear photo to 0400 693 807 or contact the nearest Parks and Wildlife Service office (see p61).

For more information visit **dbca.wa.gov.au/canetoads**.

Drones

Drones, also known as remotely piloted aircraft (RPAs) or unmanned aerial vehicles (UAVs), can have visual, noise, privacy and cultural values impacts and pose potential dangers if they crash.

Recreational users of drones in parks must comply with all requirements of the Civil Aviation Safety Authority. Visit **droneflyer.gov.au**.

For more information on use of drones in parks go to **dbca.wa.gov.au/ management/remotely-piloted-aircraft**.

Safety in parks

When visiting parks be aware of the risks and take responsibility. Plan ahead and choose your walks and activities to match your level of preparedness, experience and fitness. Remember safety is our concern but your responsibility.

Hazards

Take notice of visitor risk warnings on signs that display the danger symbol.

Plan ahead

- Check park, road and weather conditions before you leave.
- Check for bushfire and smoke alerts at **emergency.wa.gov.au** and for alerts directly related to parks and major trails at **alerts.dbca.wa.gov.au**.
- Tell a responsible person where you are going, what you are doing and when you expect to return. Discuss with them what they should do if you are overdue. Consider an online service such as **trailnote.com**.

Take the right equipment

- Ensure your equipment is in good condition.
- Take essential supplies such as first aid kit, torch, matches, extra fuel and plenty of food and water.
- Take extra clothing and wet-weather gear. Weather can change guickly.
- Mobile phones can be useful but don't rely on them for safety as many parks have limited or no coverage. It is recommended you carry a personal locator beacon or satellite phone.

Take care in and near water

- Swim with caution. Beaches and rivers in parks are not patrolled. Check water depth, current and temperature as well as for underwater obstacles such as logs or rocks.
- In tropical waters in summer, check for the presence of jellyfish.
- In waters north of Exmouth and in tidal creeks and estuaries in the Kimberley, beware of crocodiles.

Safe fishing

- Tell someone where you are going and when you plan to be back.
- · Never fish alone, always fish with a buddy.
- Know the area and know the conditions. Read all safety signage it's there for a reason.
- Observe first, fish later spend at least 20 minutes watching the ocean to get an idea of swells and waves.
- Be wary of strong winds and slippery rocks.
- Stay alert never turn your back on the ocean.
- · Learn about rock fishing safety at recfishwest.org.au/fishing-in-wa/.
- Wear appropriate clothing such as cleats and life jackets when rock fishing.

Things that sting or bite

• Wear protective clothing and insect repellent to protect you from stings, scratches and insect bites, especially bites from ticks.

Water

- The availability of water in parks, especially for drinking, cannot be guaranteed so always carry enough for your own needs.
- Any available water should be treated before drinking.

Weather

- · Wear a hat, shirt and sunscreen to avoid sunburn even on overcast days.
- To protect yourself against heat stroke:
 - Wear a hat and loose protective clothing.
 - Drink 3-4L of water per day when walking.
 - Walk in the cooler times of the day.

Emergency information

Emergency contacts

For all emergencies contact Emergency Services on 000 or 112 on mobiles.

- If you are at the location where urgent emergency help is required and you have an emergency beacon such as a PLB or EPIRB, activate it.
- Phone 13 33 37 for updated recorded messages from the Department of Fire and Emergency Services (DFES).
- Check for bushfire and smoke alerts at emergency.wa.gov.au and for alerts directly related to parks and major trails at alerts.dbca.wa.gov.au.
- Mobile phone coverage is often better from the tops of hills.
- · Contact the Police in non-emergency situations on 131 444.

Fire emergencies

In the event of a bushfire visitors should:

- immediately contact Emergency Services on 000 or 112 on mobiles
- · safely leave the area as soon as possible
- follow all advice from Emergency Services, police, rangers or Parks and Wildlife Service officers
- tune into ABC radio for updates on fires or fire bans.

Tourism information

The best place to start for accommodation, tours and things to do on your Western Australian holiday is at westernaustralia.com.

More information on each of the five tourism regions can be found at

Choosing accommodation and tours

All accommodation providers and tours operating in national parks are accredited. When you choose an operator with 'the tick' you can expect:

- quality and reliability
- professional customer service
- accuracy in advertising
- · sound environmental practices
- · an appropriately licensed and qualified operator
- adherence to a code of ethics.

Search for accredited accommodation and tours at

westernaustralia.com and at trustthetickwa.com.au.

Aboriginal cultural experiences

Aboriginal operators conduct events and tourism businesses in a number of WA's parks. They represent a range of language groups, each with unique culture, and share stories, songs, dances and 'bush tucker' on their traditional country.

You can find many of these unique experiences on the Western Australian Indigenous Tourism Operators Council (WAITOC) website at waitoc.com or ask for details at local visitor centres as you travel.

Visitor centres

Accredited visitor centres display the blue and yellow "i" symbol and can help with maps, accommodation, tour bookings and, most of all, local knowledge.

Location and other details for accredited visitor centres can be found at visitorcentreswa.com.au.

Warning: Saltwater (estuarine) crocodiles

In coastal and inland waters of the Pilbara and Kimberley beware of crocodiles. Be Crocwise and seek local advice from Parks and Wildlife Service offices.

East Kimberley

1. Mirima National Park (Hidden Valley)

\$ 1 1 2 1

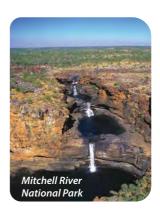

This must-see location close to Kununurra features a valley with rugged cliffs, amphitheatres, gullies and ridges making the park popular for sightseeing, walking, photography and nature observation. Aboriginal people have lived in this secluded spot for thousands of years.

2km F Kununurra

2. Mitchell River National Park

Located on Wunambal Gaambera
Country, this four-wheel-drive access
only park encompasses parts of the
spectacular Mitchell Plateau and has
significant Aboriginal cultural and
heritage sites such as the Mitchell and
Mertens falls, and Surveyors Pool. Visitors
must buy an Uunguu Visitor Pass online
from wunambalgaambera.org.au
before arrival. Scenic flights are usually
available.

500km NW Kununurra

3. Ngamoowalem Conservation Park

In the stunning Livistona Range, this park has seasonal waterfalls, permanent pools and diverse plant life including cycads and fan palms. The park is jointly managed with the Miriuwung Gajerrong Aboriginal Corporation.

19km W Kununurra

4. Parry Lagoons Nature Reserve

Enjoy great views from the historic Telegraph Hill. Interpretation panels on the Marlgu Billabong boardwalk and bird hide help identify abundant birdlife at this important wetland.

80km NW Kununurra, 20km S Wyndham

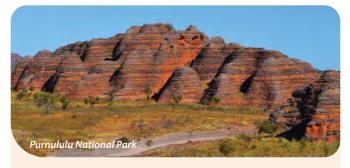

5. Wolfe Creek Meteorite Crater National Park

Most visitors come to this park to marvel at the crater itself. It is the second largest crater in the world from which fragments of a meteorite have been collected. The crater is 880m across and almost circular.

510km SW Kununurra or 152 km S Halls Creek

Purnululu World Heritage Area

6. Purnululu National Park

The towering domes of the Bungle Bungles with their orange, black or grey bands are cut by gorges and chasms that conceal pools and provide habitat for ferns, figs and majestic palms. Find information on the area's heritage, conservation and cultural values at the Purnululu Visitor Centre. Road access is by high clearance four-wheel-drive only.

Visit **parkstay.dbca. wa.gov.au** for campsite bookings. Flights from regional centres, tours, accommodation at privately operated facilities and scenic flights are usually available.

304km S Kununurra or 160km N Halls Creek via Great Northern Highway

West Kimberley

7. Danggu Geikie Gorge National Park

Spectacular 30-metre-high cliffs have been carved through the ancient Devonian fossil reef by floodwaters of the Fitzroy River. Guided boat tours run from May to the middle of October (weather permitting). Online bookings **parks.dpaw.wa.gov.au/park/danggu-geikie-gorge**. The park is jointly managed with the Bunuba Native Title holders.

20km NE Fitzroy Crossing

8. Eighty Mile Beach Marine Park

With more than 220km of white sand and vibrant turquoise waters, this marine park is popular for beach fishing, wildlife and flatback turtle viewing, beachcombing and bird watching. It is one of the world's most important feeding grounds for migratory shorebirds and waders. The park is jointly managed with the Ngarla, Nyangumarta, Karajarri and Shared Country Native Title holders. Camping facilities are available near the main access points.

380km S Broome, 250km NE Port Hedland

9. King Leopold Ranges Conservation Park

Tropical woodlands, remnant rainforest, and palm groves amid sandstone mountains and granite outcrops support abundant birdlife. Visit Lennard

Gorge, stay at Silent Grove Campground and enjoy a cool swim at the falls in Bell Gorge. Accommodation is available at Mt Hart Wilderness Lodge. Phone (08) 9191 4645. The southern portion of the park is jointly managed with the Bunuba Native Title holders. Visit parkstay.dbca.wa.gov.au for campsite bookings.

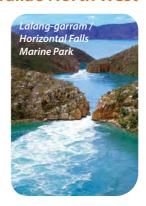

190km NE Derby, 480km W Kununurra off Gibb River Road

10. North Kimberley marine parks

The spectacular Kimberley coastline is best experienced by boat, including vessels on multi-day cruises, or scenic flight fly-overs.

Lalang-garram / Camden Sound Marine Park is the most important humpback whale nursery in the southern hemisphere. It also features the incredible spectacle of Montgomery Reef emerging from the sea at low tide. Fast tour boats provide exhilarating experiences at Horizontal Falls in the Lalang-garram / Horizontal Falls

Marine Park.

Both parks and North Lalang-garram Marine Park are jointly managed with the Dambimangari Native Title holders and North Kimberley Marine Park is jointly managed with Balanggarra Native Title holders.

11. Rowley Shoals Marine Park

Three shelf atoll reefs rise from very deep, clear water forming shallow lagoons and supporting a high diversity of marine life. They offer some of the best live-aboard diving in Australia.

300km NW Broome

12. Tunnel Creek National Park

Part of WA's oldest cave system, Tunnel Creek flows through a water-worn tunnel beneath the Devonian Reef. Walk 750m through the tunnel to the other side of the range, wading through several permanent pools, watch for bats and the stalactites that descend from the roof in many places. The park is jointly managed with the Bunuba Native Title holders.

110km NW Fitzroy Crossing, 174km E Derby

13. Windjana Gorge National Park

Located where the Lennard River dissects the Napier Range, this is one of the Kimberley's most stunning gorges, reaching 100m high in some places. See the striking glory of a 350 million-yearold reef rising majestically above the surrounding plains. The park is jointly managed with the Bunuba Native Title holders. Visit parkstay.dbca.wa.gov.au for campsite bookings.

145km NW Fitzroy Crossing, 139km E Derby

Pilbara

14. Dampier Archipelago island reserves

The 42 islands, islets and rocks of Dampier Archipelago have exceptional natural beauty and are highly-valued for their cultural significance. The conservation reserves protect unique habitats for plants and animals. Public access is not allowed to some islands as they are nesting sites for threatened seabirds and marine turtles.

45km radius from Dampier

15. Karijini National Park

Karijini is one of the most spectacular sights in the Pilbara and the second largest national park in WA. Set in the Hamersley Range, walk trails lead deep into breathtaking gorges, with crystal clear rock pools and waterfalls. The area is steeped in Aboriginal culture and the Karijini National Park Visitor Centre highlights the natural and cultural values of the park. The centre's design represents kurramunthu, the goanna, and is made from Cor-ten steel to blend with the landscape and safeguard the building from bushfires. Visit **parkstay.dbca.wa.gov.au** for campsite bookings.

75km E Tom Price, 325km S Port Hedland, 225km NW Newman

16. Millstream Chichester National Park

Located along the Fortescue River is the Millstream oasis, a haven for birdlife. It has a landscape of rolling hills, spectacular escarpments and winding tree-lined watercourses. The Chichester Range rises sharply from the coastal plain and includes rocky peaks, tranquil gorges and hidden rock pools. The Millstream homestead, adjacent to the Millstream wetlands, was built in 1919 and is open daily.

150km SE Karratha

17. Montebello Islands Marine Park

Crystal clear waters surrounding this group of nearly 100 limestone islands provide amazing diving and fishing experiences. Some islands are havens for threatened wildlife and quarantine measures are in place. For more quarantine information phone (08) 9182 2000.

125km W Karratha

18. Murujuga National Park

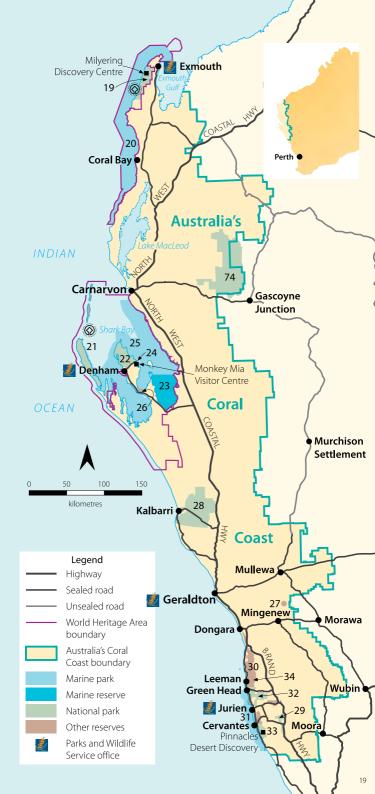

The Burrup Peninsula lies within a National Heritage Place and contains the world's densest concentration of ancient rock art, dating back more than 30,000 years. The park is jointly managed with the Murujuga Aboriginal Corporation.

21. Dirk Hartog Island National Park

Immense cliffs along this remote island's exposed westerly coast contrast sharply with sheltered beaches and rocky headlands on its easterly coast. Limited camping is available in designated campsites. Intending visitors are advised to research thoroughly. Visit **www.sharkbay.org**. It is essential to book the private barge service if going to the island by vehicle. Contact Dirk Hartog Island Lodge (08) 9948 1211.

40km W Denham by boat or 230km SW Denham by road (4WD) to the private barge service landing site at Steep Point.

22. Francois Peron National Park

Home to rare wildlife, the park has spectacular coastal scenery with dramatic contrasts of red cliffs, blue water and white beaches. The Peron Heritage Precinct can be accessed by two-wheel drive and has an interpretive display, a self-guided walk trail, picnic facilities and an artesian water hot tub. A high clearance four-wheel drive is needed to explore and visit facilities north of the heritage precinct.

4km N Denham

23. Hamelin Pool Marine Nature Reserve

Hamelin Pool is one of only two places in the world with living marine stromatolites, or 'living fossils'. Information panels on the boardwalk explain the formation and geology of the stromatolites.

100km SE Denham, 230km S Carnarvon, 300km N Geraldton

24. Monkey Mia Conservation Park

For the chance to observe bottlenose dolphins in the wild, a visit to Monkey Mia is a must. The dolphins are famous for their almost daily ritual of visiting the shore to interact with humans. Three generations of dolphins are now regular visitors to the beach. Family trees and dolphin behaviour are explained on interpretive signs around the site. Park passes are not valid for entry to Monkey Mia Conservation Park. A 'per person' entry fee applies.

25km NE Denham

25. Shark Bay Marine Park

Shark Bay is Australia's largest marine embayment and supports abundant and globally unique marine life. The remote and wild coastline varies from sea cliffs to tranquil lagoons and beaches of sand or shell. The 300m long boardwalk high on the cliff top at Eagle Bluff is a great vantage point for photography and viewing marine life.

Access via several boat ramps including Denham, Nanga and Monkey Mia

26. Shell Beach Conservation Park

Enjoy a walk along a unique beach formed entirely of one type of tiny white sea shell, heaped into ridges up to 10m deep. Several historic buildings in the area are constructed from consolidated shells cut into blocks.

50km SE Denham

Kalbarri and Geraldton

27. Coalseam Conservation Park

This park's acacia shrubland, with its sparse understorey, comes alive with 'everlasting' wildflowers after good winter rains. Marine fossils and seams of coal are exposed along the banks of the Irwin River.

100km E Geraldton, 30km N Mingenew on Mullewa Road

28. Kalbarri National Park

\$ **a**i **a a 1 7 a a i i h h**

Marvel at nature's ability to carve landscapes as you explore the Murchison River gorge and the coastal cliffs. Short, sealed trails give easy access to outstanding views of the gorge and the Indian Ocean from a number of stunning lookouts. There are also longer

and more challenging day and overnight hikes in the gorge. Please take extra care during hot weather. See magnificent wildflowers that set the landscape ablaze with colour from July to November and learn about the reintroduction of threatened species and the area's cultural history. Guided tours, abseiling and canoeing are available.
