

31 CREATIVE LATTICE
15 Seaview Way, Hopetoun
Made by local artist Louise Lodge. Using a combination of materials both recycled and natural. Featuring a Tiger Snake

32 IS THAT A NEST?
46 Veal St, Hopetoun
This piece has been created by internationally recognised sculpture artist, Len Zuks and donated to the project.

33 INCY SPIDER
Ravensthorpe-Hopetoun Rd
Made by Greg Belli. The legs are part of a cattle feeder, the body is a cement mixer bowl, spotlights for eyes and an old hills hoist for the spider web.

i FUN FACT #1
Farm Gate Art is a Community Arts Project that has been carried out over 4 workshops from 2013- 2020. It is the brainchild of Rave About Arts (Ravensthorpe Regional Arts Council) www.raveaboutarts.com

i FUN FACT #2
The Farm Gate Art project has cross pollinated with the Ravensthorpe Wildflower Show to represent the regions wildflowers and artistic ability of its residents.

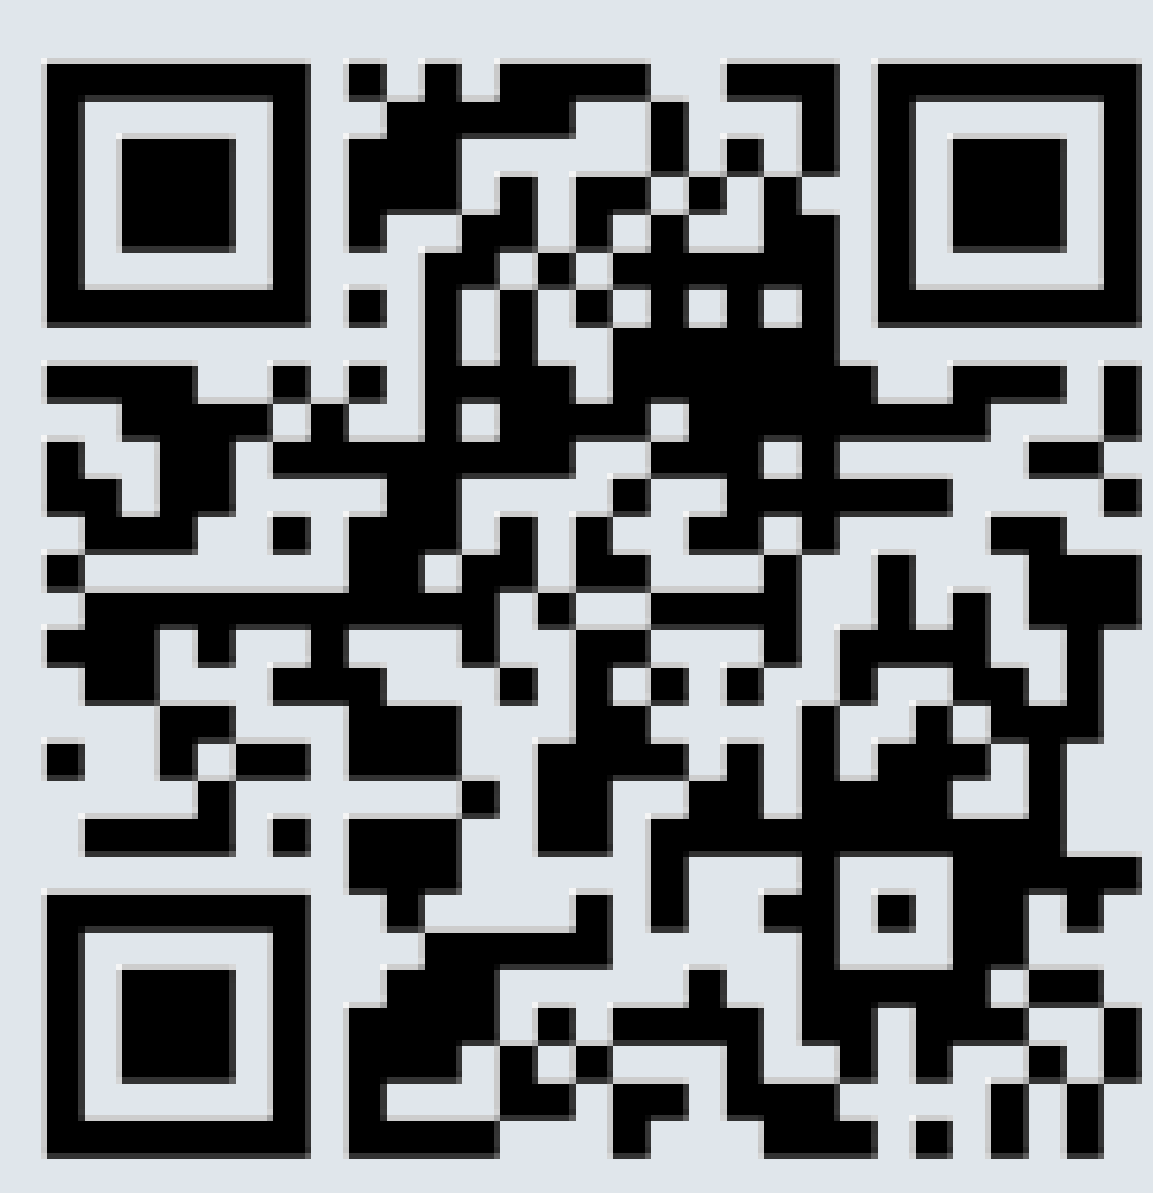

i FUN FACT #3
4 artists were commissioned to teach welding and design to community members
1. Tania Spencer - Lake Grace
2. Jodie Ditchburn - Kulin
3. Nick Webber - Hopetoun
4. Leonid (Len) Zuks - Perth

i FUN FACT #4
The Farm Gate Art trail is approximately 250kms long and continues to grow. The project has involved over 100 people designing, creating, learning new skills and sharing their art.

i FUN FACT #5
Quotes from some of the participants:
• Paul Foulds : (farmer) I didn't think about work for one minute whilst I was engaged in designing and making my piece.
• Greg Belli: (earth moving contractor) I thoroughly enjoyed doing this and I look at farm scrap in a different light now.
• Colin Hughes: (carpenter) That's not a field bin its a watering can!
• Theresa Francis: My shed is my mental therapy and my happy place, particularly with a welder and bit of scrap in my hand.

i FUN FACT #6
Many other pieces of public art can be found along the trail including some huge pieces; Number 2 on the Public Silo Art Trail WA in Ravensthorpe and a 100m long double sided conveyor overpass on South Coast Highway!

 When driving around, your safety is our concern. When stopping to view the art, please be aware of road safety and other road users. Take care on gravel roads and drive to the conditions. Pay attention to the local fauna, they tend to use the roads in an unsafe manner!

FITZGERALD RIVER NATIONAL PARK

Many other pieces of public art exist in the region, some huge and others small. Follow the trail to see what you can find

The Ravensthorpe Shire is known as the "Eucalyptus Epicentre of the Universe" with over 100 species and around 50 hybrids

Although the Fitzgerald River National Park (FRNP) is 2% of Western Australia (330,000 hectares), it holds over 20% of WA wildflowers, many of which grow nowhere else in the world. FRNP is considered the Jewel in the Crown of the world renowned UNESCO recognised Fitzgerald Biosphere which is 1.5 million hectares. Hopetoun is the Eastern access to the Park and is two wheel drive accessible to Hamersley Inlet. FRNP is a pristine paradise with unique geology holding over 1880 plant species, 209 bird species and spectacular coast line.
